How to count odd and even numbers of shapes

Determine if the number of the given shapes below is even or odd.

1.

☐ Even   ☑ Odd

Check if all the squares can be matched in pairs as shown below.

You see that, not all the squares are matched in pairs.
So, the number of squares is odd.

Pair   Pair   Pair   No pair

2.

☑ Even   ☐ Odd

Pair   Pair   Pair   Pair

3.
☑ Even   ☐ Odd
