

Name: ..... Class: .....

1 - 12 division facts: choose numbers with particular quotients

Choose a pair of numbers from the box to complete the expressions below.

1.

2	5	9	14	17	50
---	---	---	----	----	----

$$\square \div \square = 10$$

2.

1	4	9	36	72
---	---	---	----	----

$$\square \div \square = 9$$

3.

6	7	9	12	29	144
---	---	---	----	----	-----

$$\square \div \square = 12$$

4.

4	5	8	12	31	49	96
---	---	---	----	----	----	----

$$\square \div \square = 8$$

Name: ..... Class: .....

1 - 12 division facts: choose numbers with particular quotients

Choose a pair of numbers from the box to complete the expressions below.

1.

2	5	9	14	17	50
---	---	---	----	----	----

$$\boxed{50} \div \boxed{5} = 10$$

2.

1	4	9	36	72
---	---	---	----	----

$$\boxed{36} \div \boxed{4} = 9$$

3.

6	7	9	12	29	144
---	---	---	----	----	-----

$$\boxed{144} \div \boxed{12} = 12$$

4.

4	5	8	12	31	49	96
---	---	---	----	----	----	----

$$\boxed{96} \div \boxed{12} = 8$$
