How to make a repeating pattern

1. Given the shapes below, make an ABCD repeating pattern (make 5 pairs)

2. Given the shapes below, make an AB repeating pattern (make 7 pairs)

3. Given the shapes below, make ABC repeating pattern (make 8 pairs)

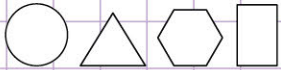

Name: Class:

How to make a repeating pattern

1. Given the shapes below, make an ABCD repeating pattern (make 5 pairs)

Let's first of all labelled the shapes in any order

A B C D

B A D C

C D A B

Now, pick any pattern above and repeat the shapes 5 times to create 5 pairs of repeating patterns.

OR

2. Given the shapes below, make an AB repeating pattern (make 7 pairs)

Let's first of all labelled the shapes in any order

A B A B

A B A B

Now, pick any pattern above and repeat the shapes 7 times to create 7 pairs of repeating patterns

OR

3. Given the shapes below, make ABC repeating pattern (make 8 pairs)

A B C
