Create histograms

Larry took the weights (pounds) of his classmates and recorded the following data below.
 90, 170, 59, 70, 100, 150, 200, 99, 97, 101, 57, 62, 212, 104, 135, 145, 207, 190, 160, 108, 211, 201, 150, 121,

Use the data above to complete the histogram below.

The missing data bar is for the range 101 - 150 pounds

8 students are between 101 - 150 pounds

So, set the height of the bar to 8
