1. Tell how each figure below was transformed. Write translation, rotation or reflection

The figure has been transformed by:

- **Reflection**
  - A reflection flips the figure over a line to create a mirror image.
  - So, this is reflection.

2. The figure has been transformed by:

- **Translation**
  - A translation slides the figure to a different location.
  - So, this is Translation.

3. The figure has been transformed by:

- **Rotation**
  - A rotation turns the figure around a point.
  - So, this is Rotation.
