Surface area of triangular prisms

What is the area of the figure below?

What is the area of the figures below?
Calculate on rough work piece of paper and write your answers.
Surface area of triangular prisms

What is the area of the figure below?

Find the area of figure B
Area = Length x Width.
Length = 13 mm
Width = 5 mm
Area = 13 mm x 5 mm
Area = 65 mm²

Now add the areas of figure A and B
142.5 mm² + 65 mm² = 207.5 mm²

So, area of figure is 207.5 mm²

What is the area of the figures below?
Calculate on rough work piece of paper and write your answers.

250 square centimeters
268 square inches
